

DAY AT THE CAPITOL.

NOTES OF THE NEWS AT THE VARIOUS STATE DEPARTMENTS.

GOV. TYLER CAME TO HUNTINGTON.

He Will Attend the Session of the Virginia Synod-Conditional Pardons Refused-Capitol Notes.

Governor Tyler left last night for Huntington, W. Va., to attend the session of the Virginia Synod of the Presbyterian Church. The Governor is the president of the body. It is the rule that the outgoing moderator shall preach the opening sermon, the moderator almost always being a preacher. Governor Tyler will not preach. He has asked Rev. Dr. Lacy, of Romney, W. Va., to deliver the sermon.

The Virginia Synod embraces the Presbyterian churches of Virginia and West Virginia. The Governor expects to return home Thursday or Friday.

AFTER THE RAILROADS.
Governor Tyler received a letter from a gentleman yesterday asking him to tell him how to proceed against the railroad to make them pay to the State the residue of the proceeds of the sale of unclaimed freight. Under the law railway and steamship companies have not to sell freight on which charges have not been paid, after it has been kept a certain time. The transportation companies are entitled to take out of the proceeds enough to pay freight charges. The remainder must be turned over to the State school fund. The Governor's correspondent says the railroad have not turned over the State's share. He makes no specific charges.

The Governor received a letter yesterday from the chairman of the political economy section of the United States Commission in charge of the government exhibit of this country at the Paris Exposition next year, asking him to have made a map of Virginia showing the points in the State at which are established the principal manufacturing establishments. He also wants the map to show the areas in which the various industries are located. Thus, the tobacco-growing section would be indicated; the trucking section, the section where cattle-raising chiefly flourishes; the section where the manufacture of iron and steel is concentrated; or Monticello will probably make the map.

SECOND AUDITOR'S REPORT.

The annual report of Second Auditor Hyland, just issued, shows that during the past year the amount of Century bonds issued under the act of February 20, 1892, has increased by \$50,911.24, making the total amount of the United States bonds held by the State \$2,329,359.99. Of this amount \$23,259.99 are held by the literary fund, and \$11,000 by the commissioners of the sinking fund, leaving \$17,661,784.67 in the hands of the public. It is not thought there will be any very great increase in the amount of Century bonds issued under the act of February 20, 1892, as the amount of old bonds outstanding is quite small.

The bonds with tax-receivable coupons attached, which have been the source of so much trouble in years past, have nearly all been surrendered, and \$7,499.99 of 10-40's. Many of these are probably lost or destroyed.

During the year the Century bonds held by the literary fund have increased to \$23,259.99. Literary fund bonds were appropriated to the schools of the various counties and cities, and \$2,500 to normal institutes. The rest was used in general expenses.

Interest was paid on the public debt during the past year in Virginia, \$12,500.00, including \$13,000.00 paid on judgments for taxes with tax-receivable coupons.

The report of the Sinking Fund Commissioners shows that during the year the State's holdings in the Richmond, Fredericksburg and Potomac railroad yielded an income of \$2,749.00. There is now in the Treasury to the credit of the sinking fund \$407,825.00. The fund is used for the reduction of the public debt.

MILITARY REORGANIZATION.

A number of military companies have been reorganized and are awaiting inspection and transfer. This is true of companies at Newport News, Hampton, and Portsmouth. Lieutenant Parrish, of the Portsmouth company, was examined yesterday.

Commissioner Kolmer, of the Department of Agriculture, has received from several sources recently inquiries concerning deposits of infusorial earth. One of the queries comes from a Richmond man. There is said to be a great quantity of the earth in Virginia, though it is rather scarce in quantities sufficiently large to admit of profitable working. It is used in the manufacture of pottery.

PARDONS REFUSED.

Governor Tyler yesterday refused the application of Bony Fulton, of Danville, for conditional pardon. Fulton had been convicted in the Corporation Court of Danville of attempted assault upon a little white girl 10 years of age. He has served about half his term.

J. H. Bayton, who is serving a year for stealing and abetting a minor assault, was also refused a conditional pardon. He was convicted in the Middlesex County Court.

CAPITOL NOTES.

There was received at the office of the Secretary of the Commonwealth yesterday for recordation the charter of the Abington Pharmacy Company, of Abington, Va., which is capitalized at from \$1,000 to \$5,000, for the purpose of conducting the drug business. Pepper.

The commission on the subject of State care of epileptics, appointed by the last Legislature, will meet to-day in the office of the Clerk of the House of Delegates. Dr. George W. Leato, Dr. W. F. Dreyer, Hon. W. P. McRae, and Colonel C. E. Vawter constitute the commission, with Mr. Sam W. Hargis as secretary.

The State Board of Education has met in the Senate chamber at 9 o'clock this morning, to examine applicants for registration as licensed pharmacists. Mr. James L. Ayer, of Harrisonburg, is president of the board.

Catarrh.

Mr. B. P. McAllister, Harrodsburg, Ky., says: "I employed numerous methods of local treatment for a severe case of Catarrh, but the disease grew worse steadily, getting a firmer grip on me all the time. I finally realized that this treatment did not reach the disease, and decided to try Swift's Specific, S.S.S. for the Blood, which promptly got at the seat of the trouble, and cured me permanently."

S.S.S. for the Blood

Catarrh is a blood disease and can not be reached by sprays, inhaling mixtures, etc. S. S. S. is the only cure. Send for valuable book mailed free by Swift Specific Company, Atlanta, Ga.

Vaughan to act as Superintendent of Public Schools of Radford, in the absence from the State of Mr. W. P. Gunn, whose resignation is expected soon. FAIRFIELD SCHOOL BOARD.

Electoral Board to Elect Dr. Smith's Successor Thursday.

The Fairfield School Board, which was to have met yesterday to elect Dr. Smith's successor as a member of the Fairfield School Board, deferred its action until Thursday at 10 o'clock. Judge Wickham, a member of the board, being engaged in court. Rev. Mr. Tucker, of Fairmount, who took a prominent part in the recent Goodwin case, was present to oppose the re-election of Dr. Smith. One of the commissioners in the condemnation proceedings brought by the Richmond, Petersburg and Carolina Railroad Company against Mrs. Caroline Mosby was quashed by Judge Wickham yesterday, on the ground that the company sought to take Mrs. Mosby's dwelling, and the commissioner did not comply with the law in making their awards.

"Squire Lewis sent Henry Bowers, a young white man, to jail for six months for stealing a valuable silver dog from Mr. Easley, of River View.

The impression generally prevails that dogs are not property, and can be taken with impunity. By act of the Legislature, approved January 25, 1888, all dogs are, or can be, made property by being listed for taxation, and being property, are subjects of petit larceny.

William Crump, the 11-year-old colored boy, who was convicted of burglary in the Henrico County Court, was turned over to President Sawyer, of the reformatory. Crump was pardoned by the Governor with the understanding that he should be committed to the reformatory.

By special permission of Dr. Southall, State Superintendent of Public Schools, Mr. J. K. Fuzzell held an examination at the School Board's office yesterday for teachers in the new schools which will be soon established.

Mr. G. H. Walburn has been appointed a Constable for Brookland District, Henrico county.

David Donati was fined \$20 and costs for selling liquor without a license by Justice James T. Lewis.

NOT LADIES OR GENTLEMEN.

Justice Crutcheff Objects to Use of the Words in His Court.

The usual Monday morning docket-lengthy, but of little consequence—was disposed of in the Police Court yesterday. Justice Crutcheff administered a sharp rebuke to a witness who alluded to his conferees in a case involving the stealing of harness as "Ladies and gentlemen." "Don't let me hear those words again in this court in such a connection," he said, and the dusky belles and beaux to whom the terms were applied looked slightly resentful and a little shame-faced.

The most important case on the docket was continued until November 23. It was the charge against James Jones (colored) of striking Austin Quarles with a blunt instrument. Quarles was not in court and a rule was issued.

A large crop of inebriates suffered the usual penalty for disorderly conduct. Phyllis Teyman was fined and placed under \$100 bond for thirty days; Carrie Evans, the same penalty, for thirty days; J. S. Hancock paid a small fine and costs; James King paid court costs, and Lucy Bartlett, David Byrd, and Gabriella Kelson were each fined \$10 and placed under bond for thirty days.

Willie Gray (colored), charged with stealing some harness belonging to George L. Smith, was sent to jail for six months and an additional six months was added for the theft of a bride, the property of John Smith.

Nat Byrd (colored) was placed under \$100 bond for thirty days for stealing a horse, the property of John T. Anderson & Son.

John Willis, a suspicious character, was held for twelve months.

Ann Theodor, charged with trespassing on the premises of Cornelius Saunders and boating him, was continued to the 25th, and the case of Joe Bell, charged with assaulting and threatening to cut W. D. Randolph, was continued to the same date.

Willie Taylor, charged with threatening to cut Nelson Taylor with a razor, was dismissed on payment of costs.

Election of a Director.

At a meeting of the directors of the German-American Bank and Building Company, held yesterday afternoon at the residence of President N. W. Randall, Mr. Henry F. Grinnell, of H. Grinnell & Sons, was elected a director in place of Mr. Thomas Whitely, who had resigned on account of pressing business engagements.

Mr. Grinnell is a well-known young business-man, and merchant, successful and enterprising. He is a son of Mr. Henry Grinnell, deceased, who was for a number of years vice-president of this institution.

was run over by a dray of the Pioneer Transfer Company, driven by William Brown. Several bystanders examined fragments of the explosive, but no one seemed able to say what it was. No one was injured by the explosion and no damage was done.

Mr. R. L. Peters will offer an amendment to the ordinance of the Boyd-Newton syndicate at the next meeting of the Council Committee on Streets requiring the purchase of the rights it asks for \$100,000.

The clauses which prescribe the rate of taxation and the percentage of the receipts to be paid for the use of the streets of the city, Mr. Peters thinks, should be allowed to stand.

It is part of Mr. Peters's plan that the \$100,000 thus realized shall be expended by the city in paving Broad street with asphalt blocks. It is doubtful whether Mr. Peters's motion will be seconded when it is presented.
